- PART NO: F8-MICRO
- MICROCOOL AUTOMATIC RECOVERY RIG

The image shows a blue MicroCOOL F8-MICRO Automatic Recovery Rig. It is a compact, wheeled unit with a control panel on top featuring a digital display and several buttons. The unit is connected to a car's air conditioning system via hoses. The background is a stylized grey and white graphic with a car's headlight visible. A red starburst graphic in the bottom right corner contains the text 'Launch Special R22000-00 Excl Vat'. A diagonal banner across the top of the rig reads 'MicroCOOL 2007 Recovery Recycle Recharge'.

**MicroCOOL**

**Features:**

- Automatic Recovery
- Automatic Oil Drain
- Programmable Vacuum
- Recycle Refrigerant while vacuum
- Automatic Vacuum Leak Detection
- One-Touch Oil Injection
- Programmable Recharge
- Large 2x16 Char LCD Display
- Optical and Audible warnings
- On Screen Service Warning
- High Pressure Protection
- Pressure Detection Warnings

**Specifications:**

Voltage	220V 50Hz
Tank Capacity	14Kg
Refrigerant Type	R 134a
Vacuum Pump	180L/min, 2 stage 4cfm
Compressor	1/3Hp, 500grs/min
Scale Accuracy	+/- 5 grams
Oil Drain	Automatic
Oil Inject	One-Touch
Leak Detect	Pressure Sensor
Air Purge	Automatic
